Nama :m.faqih al faruq

Nim : 211001110

Kelas : D AI

Membaca CSV

```python
import csv

user = open("C:/Users/liess/Documents/vscode/pyton/1/user.csv","r")

user_csv = csv.reader(user, delimiter=",")

print(user_csv)

for row in user_csv :
    print(row)

user.close()
```

1. With Block

```python
import csv

#user = open("C:/Users/Liess/Documents/vscode/pyton/1/user.csv","r")

with  open ("C:/Users/liess/Documents/vscode/pyton/1/user.csv","r") as user :
 user_csv = csv.reader(user, delimiter=",")

 print(user_csv)

 for row in user_csv :
    print(f"name: {row[0]}. username: {row[1]}. role : {row[-1]} ")
```

2. Module

```python
import app

result = app.plus(10,8)
print(result)
```

```python
def plus(a, b) :
    return a+b
```

```python
def plus(a, b) :
    return a-b
```

3. Package

```python
def plus(a, b) :
    return a+b

def plus(a, b) :
    return a-b
import marketplace.matematika

result = plus(10,8)
print(result)
```

4. Random

```python
import random

print(random.random())
```

5. PIP dan Virtualenv

6. Materi Selanjutnya
